

GIS/MAPPING INTERNSHIP

Who We Are

Utility Pipeline Ltd. (UPL) is a Natural Gas distribution management company. We operate and maintain Natural Gas service for several Utilities and Cooperatives throughout Ohio, Indiana, Pennsylvania, Virginia, and West Virginia. UPL offers a full range of services in the natural gas industry including engineering, installing, maintaining, and operating natural gas distribution systems, all upheld to the highest standards in the industry. Our core values include safety, customer focus, integrity, accountability, competitiveness, and enhancing shareholder value.

Job Summary

Utility Pipeline LTD (Cardinal Natural Gas) is searching for a GIS/Mapping Intern for our Bluefield, WV office. This is a paid internship for summer 2022 (end of May through early September). We are flexible on start and end dates. Looking for someone who will assist our Geographic Information Systems Manager with a number of clerical and GIS related tasks. Looking for someone who is curious about the natural gas distribution industry and may have interest in mapping and Geographic Information Systems.

General Responsibilities

- Work closely with and provide support to GIS Manager on mapping projects
- Gain experience with GIS software
- Assist with paperwork and clerical tasks regarding new projects

Job Qualifications

- Education: Post high-school education and pursuing a Bachelor's degree in Engineering, GIS, Geology, or related majors
- Experience: Prior office or administrative experience is a plus

Skills

- Proficient in Excel
- High attention to detail
- Excellent time management and organization
- Critical thinking
