

FIELD OPERATIONS TECHNICIAN – POWHATAN POINT, OH

Who We Are

Utility Pipeline Ltd. is a Natural Gas distribution management company. We operate and maintain Natural Gas service for several Utilities and Cooperatives throughout Ohio, Indiana, Pennsylvania, Virginia, and West Virginia. UPL offers a full range of services in the natural gas industry including engineering, installing, maintaining, and operating natural gas distribution systems, all upheld to the highest standards in the industry.

Job Summary

Utility Pipeline Ltd. is searching for a Natural Gas Field Technician who would operate in southeast Ohio throughout Belmont and surrounding counties. Ideally, this person should be located somewhere between Barnesville, St. Clairsville, and Powhatan Point. After becoming fully trained, this individual will periodically report to our office in Caldwell, OH and work with our field team that oversees our systems in southeast Ohio. Experience in the Natural Gas distribution field is a plus. This is a full time position with benefits.
